Bars - shelves, bar lighting  
 Kitchens - undershelf, plinths,  
 Signage  
 Architecture - feature and accent lighting  
 Interiors - cove, pelmet lighting

### Description

NeonFlex™ is a versatile LED version of neon tubes. The outer jacket is a highly flexible plastic which is completely waterproof making it ideal for indoor and outdoor use. RGB LED has either a clear or semi-transparent jacket for maximum brightness. It uses very little power and with a life up to 100k hours it offers significant savings compared with traditional neon.
