RGBIR Infrared RGB controller

Other accessories

We have a full range of accessories available including

- Self adhesive mounting bases
- Cable ties
- Double sided adhesive tape
- Foam tape

- Dimmers
- Complete DMX control systems

Advice

Most applications are unique and may require specific power supplies or mounting methods

If you require advice please call our Technical Department on 08456 434740

Full specifications are available for all products upon request

Description

Earlsmann have a range of power supplies and controllers to suit every application. Our engineers will be able to advise which is the most suitable based on the specific project.

Open frame

Fitted with screw terminals for simplified wiring. These should be securely located with no access to unauthorised people. Leads supplied separately

Input	240Vac (other voltages on request)
Output	12Vdc

LEDPSU-60	60Watt
LEDPSU-100	100Watt
LEDPSU-150	150Watt

Plug top type

Simple 3 pin plug type with dc connector for connection to the LED strip

Input	240Vac (other voltages on request)
Output	12Vdc

LEDPSU-12	12Watt
LEDPSU-12Var	12Watt, Variable voltage output

Housed type

Enclosed plastic cover supplied complete with IEC type mains lead and dc lead for connection to the LED strip

Input	240Vac (others on request)
Output	12Vdc

LEDPSU-24P	24Watt
LEDPSU-36P	36Watt
LEDPSU-48P	48Watt
LEDPSU-60P	60Watt
