Applications

Office interiors
 Retail outlets
 Conference Centres
 Hotels
 Libraries
 Corridors & walkways
 Restaurant

Description

A range of down lights suitable for retail and other commercial purposes.

Using CREE LEDs these down lights offer a low power maintenance free alternative to the halogen down light.

They are available in cool or warm white and a choice of beam angles of 15°/30°/45°

Options include dimming, adjustable tilt angle and mains or low voltage operation.

Features

No mercury
 Minimal maintenance
 Low power
 Good colour rendering

Benefits

Simplified disposal
 Reduced costs
 Reduced running costs
 Excellent for retail
