5 YEAR WARRANTY
ECA compliant

MARLOW PRO— sophisticated, elegant and efficient

The Earlsmann Marlow Pro LED globe amenity light is extremely efficient and one of the most environmentally friendly available.

The LEDs deliver excellent colour rendering and visibility and full brightness at turn-on. This is an ideal replacement for sodium lighting - providing instant benefits in lower maintenance costs, reduced power consumption and improved lighting levels.

To simplify any maintenance required the power supply can be mounted in the post making it safe to access, reducing disruption and cost. Earlsmann manufactures the Marlow PRO LED globe light in the UK, providing a high-quality, reliable product supported by a full five-year warranty.

Good to know: The Marlow uses the latest technology to provide unrivalled efficiency and reliability

Benefit from...

Low power consumption - **Reduced energy bills, reduced CO₂**
Long life, reduced maintenance - **Lower running costs**
Excellent colour rendering - **Improved safety**
Easy access driver - **simplified/lower cost maintenance**

Specifications

Colour Temperature	Cool White 5000K (nominal)
Efficacy	up to 140lm/W
Colour Rendering Index	>80Ra
Voltage	220-240Vac 50/60Hz
Markings	CE
LED	
LED life (T _c =85°C)	>60000hrs L70
Power factor	>0.95
Driver	>88% efficiency
Colour	Black
Dimensions (body)	500mm diameter
Mounting	V76 standard
Materials	Black Aluminium top/clear acrylic base
Weight	<3kg
Sealing	IP65
Ambient temp	-25°C to +50°C

Options

Mount	Wall bracket, 76mm, 60mm adapter
Photocell	
Dimming	Preset
Timer	
Colour temp	3000K, 4000K
Globe style	Prismatic

Output

Model	Total Power	Luminaire Output (Lm)
15	17	2380
20	22	3000
30	33	4620
40	44	6100

Ordering
