

Exterior Lighting

Preston C LED Bulkhead

3 YEAR WARRANTY

Preston C "Compact" LED bulkhead lights for small spaces

Earlsmann's Preston C "compact" LED lighting is suitable for external and internal use, from car parks and walkways to hotels and cold stores. With a low profile of only 65mm it is particularly suitable for lower ceilings and narrow corridors.

It is available at 15W providing high lumen output in neutral white. It offers over 60% power savings when compared with traditional 28W fluorescent 2D lighting types. In addition, excellent reliability reduces costly maintenance bills.

It's also ideal as emergency lighting with a full three-hour backup.

Good to know – add a microwave sensor option to your Preston C LED lighting to achieve even greater energy savings.

Benefit from...

Low power consumption - **Reduced energy bills, reduced CO₂**
 Long life with reduced maintenance - **Lower running costs**
 Instant start, full brightness at turn on - **Improved safety**

Luminous Intensity

Typical output

144 lx max 93 lx average
 4000K neutral white
