PARMA LED lighting – stylish and efficient

Our range of PARMA LED lighting combines style with efficiency. At 112 lm/W they also provide excellent energy savings.

These fittings comprise a white painted steel body and polycarbonate diffuser. Each unit can be surface-mounted or suspended and boasts a complete range of options including sensors and emergency packs

Suitable for interior use only.

Good to know: The Earlsmann PARMA LED fittings use the latest LED technology for excellent efficiency and long life.

Benefit from...

Low power consumption - **Reduced energy bills, reduced CO₂**
Long life, reduced maintenance - **Lower running costs**
Instant start, full brightness at turn-on in all conditions - **Improved safety**
