TONBRIDGE LED lobay - for industry and sport

The TONBRIDGE LED lowbay may be used in a variety of applications from sports facilities to workshops. A choice power rating provides a range of options to tailor this fitting to your requirements.

The beam profile makes it particularly suitable for lower mounting heights.

It is a highly efficient lighting unit, up to 145lm/W, so reduces energy costs and helps achieve carbon reduction targets. With a design life of over 50,000 hours, it saves on maintenance costs too.

Good to know – The TONBRIDGE Lobay is an extremely versatile replacement for T8/T5 fluorescent lighting

Benefit from...

Low power consumption - **Reduced energy bills, reduced CO₂**
Minimal maintenance - **Lower running costs**
Minimal heat production - **Savings in air-con maintenance costs**
Instant start, full brightness at turn on - **Improved safety**
